PROFESSIONAL SUMMARY

Motivated Fresh Computer Science graduate (GPA 4.40/5.00, Second Honors) with hands-on experience in secure application development, Linux environments, networking, and cloud technologies. Skilled in Python, C/C++, and security-focused development practices.

EDUCATION

University of Jeddah | Jeddah, Saudi Arabia

Graduated June 2026

Bachelor of Science in Computer Science

- GPA: 4.40/5.00, Second Honors.
- Relevant Coursework: Network Architectures, Cloud Computing, Assembly Language, Systems Programming.

PROFESSIONAL EXPERIENCE & PROJECTS

National Center of Meteorology (NCM) | Jeddah, Saudi Arabia

May 2025 - July 2025

Software Engineering & IT intern

- Collaborated on managing endpoint configuration, software deployment, and system hardening activities to maintain security compliance and operational integrity.
- Monitored network access activity, managed user permissions, and assisted in implementing secure access controls across organizational systems.

AI-Powered Radiological Diagnosis (XRBone) | Desktop Application Project.

Feb 2026 - May 2026

Full-Stack Desktop Application Developer

- Developed a full-stack desktop application using Flutter, implementing secure local storage and data transmission pipelines to ensure medical data integrity. Embedded EfficientNet and YOLO models while maintaining secure API integrations and robust application logic.

ServeMe | Secure Web Development Projects

Jan 2025 - Dec 2026

Secure Web Developer

- Built a bilingual service-booking application featuring a role-based admin dashboard to enforce strict identity and access management (IAM) controls.
- Configured real-time Firebase Firestore database security rules to restrict unauthorized access and protect user data privacy.

CERTIFICATES

Agile Scrum Master

Certified November 2025

Security+

In Progress (Expected 2026)

Cloud Computing Services - Amazon Web Services AWS

In Progress (Expected 2026)

TECHNICAL & SOFT SKILLS

- Cloud Computing Concepts** Network Security, Cloud Architecture Security, Access Control (RBAC)
- Operating Systems & Environments** Linux, Git, Firebase Cloud Infrastructure
- Programming Languages** Python, Java, C/C++, Dart/Flutter, SQL, JavaScript/HTML/CSS, Assembly
- Core Strengths** Cross-functional Collaboration, Analytical Problem-Solving, Arabic (Native), English (Fluent)
